SHIN ALKALINE **Alkalinity Booster**

Product Description

SHIN ALKALINE is a unique blend of carefully selected alkaline base material for use as an extremely effective alkalinity builder detergent highly concentrated yet safe and does not damage fabrics.

SHIN ALKALINE is a powerful detergent powder use as a stain-removing agent for Prewash in the washing process. It provides maximum removal of ingrained dirt, stain and soil from fabrics giving outstanding cleaning results.

Properties

- Removes stubborn dirt and stain quickly and thoroughly.
- Removes yellowing and revitalizes fabric whiteness.
- Eliminates unpleasant odours, producing a pleasant smell of freshness.

Chemical Composition

- Phosphates
- Silicates
- Carbonates
- Special Alkalis
- Other Auxiliaries

Application

Add *SHIN ALKALINE* to the prewash operation according to the dosage guidelines given. For optimum result, it is recommended to use *SHIN ALKALINE* in combination with *SHIN EXTRA*. All washes must be thoroughly rinsed and neutralized afterwards in the washing process.

Dosage

- * Medium Soil 3 – 8 g/kg dry wash
- * Heavy Soil 8 - 10 g/kg dry wash

Precaution

Corrosive material. Ingestion and eye contact is to be avoided. When handling product, rubber gloves must be worn and eyes must be sufficiently protected from accidental contact with material.

Storage

Store in a cool and dry area.
