Shin Classic

Low-Foam synthetic Detergent

Product Description

SHIN CLASSIC is a fully build low foaming synthetic detergent for main line washing in wash operation for all kinds of textiles. It is very versatile, as it is applicable for use in a wide range of temperature. Low foaming property provides maximum chemical and mechanical action for fast, effective and optimum processing of fabrics.

Properties

- Thorough and quick removal of stubborn soil.
- Special optical brighteners for polyester / cotton fabrics.
- Does not harm textiles

Chemical Composition

- Anionic Surfactants
- Builders
- Greying Inhibitors
- Optical Brighteners
- Perfume
- Auxiliaries

Application

Add *SHIN CLASSIC* as a main wash product in washing operations according to the dosage guidelines given. Washing time usually between 7 to 15 minutes depending on degree of soiling. 1 to 2 grams of *SHIN EXTRA* can be added only for fabrics with heavy soiling.

Dosage Guide

Minimum of 15 to 20 grams per kilogram of dry wash depending on degree of soiling.

Precaution

As with all chemical products, ingestion and eye contact is to be avoided. When handling product, normal work clothing covering arms and legs shall be worn.

Storage

Store in a cool and dry area.
